

ŞENSAC

YASSI METAL SAN. ve TİC. A.Ş.

QUALITY POLICY

As SENSAC, our company quality policy consist of;

- To realize and continuously improve the product quality according to customer demands and future expectations,
- To ensure the preservation of the products belonging to the customer as its own product by showing the necessary sensitivity in the processing,
- To ensure compliance with DIN EN ISO-9001:2015 Quality Management System conditions and continuous improvement of the system
- To ensure the active participation of the employees in the functioning of the management system,
- To ensure the continuous development and awareness of employees through trainings in order to ensure the efficiency and contribution of the employees,
- To ensure that our productions are carried out in accordance with the desired product and quality conditions and delivered without any problem at once,
- To make investments that will contribute to the functioning of the system and improve the system in the name of quality,
- To protect the environment we work in and to use our resources in a way that creates the least waste,
- To become an institution that is always preferred by increasing its success in the sector every day and thus aims to continuously increase its share in the market.

ŞENSAC Yassı Metal San. ve Tic. A.Ş Company, in order to fulfill the commitments defined above, its senior management will take the task of providing and continuously improving the resources related to all kinds of people, infrastructure and working environment required throughout the enterprise.
